1. PRODUCT AND COMPANY IDENTIFICATION

Product name: Hypoxanthine, Monosodium Salt

Manufacturer or supplier's details
Company name of supplier: ANGUS CHEMICAL COMPANY

Address: 1500 E. LAKE COOK ROAD
Buffalo Grove IL 60089-6553

Customer Information Number: +1-847-808-3711

E-mail address: NAR_CC@ANGUS.COM

Emergency telephone number: 800-424-9300

Recommended use of the chemical and restrictions on use
Recommended use: For research use only.

The ANGUS Chemical Company recommends that you use this product in a manner consistent with the listed use. If your intended use is not consistent with the stated use, please contact the Customer Information Group (see Section 1 of this data sheet).

2. HAZARDS IDENTIFICATION

GHS Classification
Not a hazardous substance or mixture.

GHS Label elements, including precautionary statements
This product is not hazardous per the Globally Harmonized System of Classification and Labelling (GHS).

Other hazards

ANGUS CHEMICAL COMPANY  encourages and expects you to read and understand the entire (M)SDS, as there is important information throughout the document. We expect you to follow the precautions identified in this document unless your use conditions would necessitate other appropriate methods or actions.
None known.

### 3. COMPOSITION/INFORMATION ON INGREDIENTS

This product is a substance.

**Components**

<table>
<thead>
<tr>
<th>Chemical Name</th>
<th>CAS-No.</th>
<th>Concentration (% w/w)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Hypoxanthine, Monosodium Salt.</td>
<td>45738-97-4</td>
<td>&gt;= 97.0 - &lt;= 100.0 %</td>
</tr>
<tr>
<td>Water</td>
<td>7732-18-5</td>
<td>&lt;= 3.0 %</td>
</tr>
</tbody>
</table>

### 4. FIRST AID MEASURES

**If inhaled**

Move person to fresh air; if effects occur, consult a physician.

**In case of skin contact**

Wash off with plenty of water.

**In case of eye contact**

Flush eyes with plenty of water; remove contact lenses after the first 1-2 minutes then continue flushing for several minutes. Only mechanical effects expected. If effects occur, consult a physician, preferably an ophthalmologist.

**If swallowed**

No emergency medical treatment necessary.

**Most important symptoms and effects, both acute and delayed**

Aside from the information found under Description of first aid measures (above) and Indication of immediate medical attention and special treatment needed (below), any additional important symptoms and effects are described in Section 11: Toxicology Information.

**Protection of first-aiders**

If potential for exposure exists refer to Section 8 for specific personal protective equipment.

**Notes to physician**

Treatment of exposure should be directed at the control of symptoms and the clinical condition of the patient. No specific antidote.

### 5. FIREFIGHTING MEASURES

**Suitable extinguishing media**

Water.

Carbon dioxide fire extinguishers.

Dry chemical fire extinguishers.

**Specific hazards during firefighting**

Pneumatic conveying and other mechanical handling operations can generate combustible dust. To reduce the potential for dust explosions, do not permit dust to accumulate.

**Hazardous combustion products**

During a fire, smoke may contain the original material in addition to combustion products of varying composition which may be toxic and/or irritating. Combustion products may include and are not limited to:
Carbon monoxide.
Carbon dioxide.
Nitrogen oxides.

Further information
Hand held dry chemical or carbon dioxide extinguishers may be used for small fires.
Soak thoroughly with water to cool and prevent re-ignition.
Cool surroundings with water to localize fire zone.
Keep people away. Isolate fire and deny unnecessary entry.

Special protective equipment for firefighters
Wear positive-pressure self-contained breathing apparatus (SCBA) and protective fire fighting clothing (includes fire fighting helmet, coat, trousers, boots, and gloves).
If protective equipment is not available or not used, fight fire from a protected location or safe distance.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures
Use appropriate safety equipment. For additional information, refer to Section 8, Exposure Controls and Personal Protection.

Environmental precautions
Prevent from entering into soil, ditches, sewers, waterways and/or groundwater. See Section 12, Ecological Information.

Methods and materials for containment and cleaning up
Contain spilled material if possible.
Collect in suitable and properly labeled containers.
Use care to minimize generation of airborne dust.
See Section 13, Disposal Considerations, for additional information.

7. HANDLING AND STORAGE

Advice on safe handling
Good housekeeping and controlling of dusts are necessary for safe handling of product.
Avoid generating and breathing dust.
See Section 8, EXPOSURE CONTROLS AND PERSONAL PROTECTION.

Conditions for safe storage
Keep container tightly closed and in a well-ventilated place.
Store in a dry place.
Shelf life: Use within 24 MONTHS

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Components with workplace control parameters
Contains no substances with occupational exposure limit values.

Engineering measures
Local exhaust ventilation may be necessary for some
operations.
Use local exhaust ventilation, or other engineering controls to maintain airborne levels below exposure limit requirements or guidelines. If there are no applicable exposure limit requirements or guidelines, general ventilation should be sufficient for most operations.

**Personal protective equipment**

**Respiratory protection**
Respiratory protection should be worn when there is a potential to exceed the exposure limit requirements or guidelines. If there are no applicable exposure limit requirements or guidelines, wear respiratory protection when adverse effects, such as respiratory irritation or discomfort have been experienced, or where indicated by your risk assessment process. In dusty or misty atmospheres, use an approved particulate respirator. The following should be effective types of air-purifying respirators:
- Particulate filter.

**Hand protection**
Use gloves chemically resistant to this material when prolonged or frequently repeated contact could occur. Examples of preferred glove barrier materials include:
- Polyvinyl chloride ("PVC" or "vinyl").
- Nitrile/butadiene rubber ("nitrile" or "NBR").
- Neoprene. NOTICE: The selection of a specific glove for a particular application and duration of use in a workplace should also take into account all relevant workplace factors such as, but not limited to:
- Other chemicals which may be handled,
- Physical requirements (cut/puncture protection, dexterity, thermal protection),
- Potential body reactions to glove materials, as well as the instructions/specifications provided by the glove supplier.

**Eye protection**
Use safety glasses (with side shields).

**Skin and body protection**
Wear clean, body-covering clothing.

### 9. PHYSICAL AND CHEMICAL PROPERTIES

<table>

<td>No test data available</td>
</tr>
</tbody>
</table>

Method: Supplier (as aqueous solution)
### Freezing point
No test data available

### Boiling point/boiling range
No test data available

### Flash point
Test Type: closed cup
No test data available

### Evaporation rate
Not applicable to solids

### Flammability (solid, gas)
No data available.

### Upper explosion limit
No test data available

### Lower explosion limit
No test data available

### Vapor Pressure
No test data available

### Relative Vapor Density (air = 1)
No test data available

### Relative density
No data available.

### Water solubility
50 G/L Method: Supplier

### Partition coefficient: n-octanol/water
No relevant data found.

### Auto-ignition temperature
No test data available

### Decomposition temperature
No test data available

### Viscosity, kinematic
Not applicable

### Explosive properties
No data available.

### Oxidizing properties
No data available.

### Molecular weight
158.09 g/mol Method: Calculated.

#### NOTE: The physical data presented above are typical values and should not be construed as a specification.

---

### 10. STABILITY AND REACTIVITY

**Reactivity**
No dangerous reaction known under conditions of normal use.

**Chemical stability**
Stable.

**Possibility of hazardous polymerization**
Polymerization will not occur.
11. TOXICOLOGICAL INFORMATION

Toxicological information on this product or its components appear in this section when such data is available.

Acute toxicity

**Product:**

**Acute oral toxicity**
Remarks: Very low toxicity if swallowed. Harmful effects not anticipated from swallowing small amounts.
LD50 (Rat, female): > 2,000 mg/kg
Symptoms: No deaths occurred at this concentration.

**Acute inhalation toxicity**
Remarks: Dust may cause irritation to upper respiratory tract (nose and throat). Vapors are unlikely due to physical properties.
The LC50 has not been determined.

**Acute dermal toxicity**
Remarks: Prolonged skin contact is unlikely to result in absorption of harmful amounts.
The dermal LD50 has not been determined.

Skin corrosion/irritation

**Product:**
Remarks: Brief contact is essentially nonirritating to skin.

Serious eye damage/eye irritation

**Product:**
Remarks: May cause slight temporary eye irritation. Corneal injury is unlikely.

Respiratory or skin sensitization

**Product:**
Remarks: No relevant data found.
For skin sensitization:
Remarks: No relevant data found.
For respiratory sensitization:
Carcinogenicity

Product: No relevant data found.

IARC
No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.

OSHA
No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.

NTP
No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.

Teratogenicity

Product: No relevant data found.

Mutagenicity

Product: No relevant data found.

Reproductive toxicity

Product: No relevant data found.

STOT - single exposure

Product: Assessment: Evaluation of available data suggests that this material is not an STOT-SE toxicant.

Repeated dose toxicity

Product: Remarks: No relevant data found.

Aspiration toxicity

Product: Aspiration Hazard Based on physical properties, not likely to be an aspiration hazard.
12. ECOLOGICAL INFORMATION

Ecotoxicity

*Product:* Toxicity to fish

Remarks: No relevant data found.

Persistence and degradability

*Product:* Biodegradability

Remarks: No relevant data found.

Bioaccumulative potential

*Product:* Partition coefficient: n-octanol/water

Remarks: No relevant data found.

Mobility in soil

*Product:* Distribution among environmental compartments

Remarks: No relevant data found.

Other adverse effects

*Product:* Ozone-Depletion Potential

Regulation: 40 CFR Protection of Environment; Part 82 Protection of Stratospheric Ozone - CAA Section 602 Class I Substances

Remarks: This product neither contains, nor was manufactured with a Class I or Class II ODS as defined by the U.S. Clean Air Act Section 602 (40 CFR 82, Subpt. A, App.A + B).

13. DISPOSAL CONSIDERATIONS

Disposal methods

Waste from residues

DO NOT DUMP INTO ANY SEWERS, ON THE GROUND, OR INTO ANY BODY OF WATER.

All disposal practices must be in compliance with all Federal, State/Provincial and local laws and regulations.

Regulations may vary in different locations.

Waste characterizations and compliance with applicable laws are the responsibility solely of the waste generator.

AS YOUR SUPPLIER, WE HAVE NO CONTROL OVER THE MANAGEMENT PRACTICES OR MANUFACTURING PROCESSES OF PARTIES HANDLING OR USING THIS MATERIAL.

THE INFORMATION PRESENTED HERE PERTAINS ONLY
TO THE PRODUCT AS SHIPPED IN ITS INTENDED CONDITION AS DESCRIBED IN MSDS SECTION: Composition Information.
FOR UNUSED & UNCONTAMINATED PRODUCT, the preferred options include sending to a licensed, permitted: Incinerator or other thermal destruction device. Landfill.

14. TRANSPORT INFORMATION

International Regulation

IATA-DGR
Not regulated as a dangerous good

IMDG-Code
Not regulated as a dangerous good

Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code
Not applicable for product as supplied.

National Regulations

49 CFR (DOT) – NON BULK
Not regulated as a dangerous good

49 CFR (DOT) - BULK
Not regulated as a dangerous good

This information is not intended to convey all specific regulatory or operational requirements/information relating to this product. Transportation classifications may vary by container volume and may be influenced by regional or country variations in regulations. Additional transportation system information can be obtained through an authorized sales or customer service representative. It is the responsibility of the transporting organization to follow all applicable laws, regulations and rules relating to the transportation of the material.

15. REGULATORY INFORMATION

OSHA Hazards
This product is not a "Hazardous Chemical" as defined by the OSHA Hazard Communication Standard, 29 CFR 1910.1200.

No OSHA Hazards

EPCRA - Emergency Planning and Community Right-to-Know Act

CERCLA Reportable Quantity
This material does not contain any components with a CERCLA RQ.

SARA 304 Extremely Hazardous Substances Reportable Quantity
This material does not contain any components with a section 304 EHS RQ.
SARA 311/312 Hazards
This product is not a hazardous chemical under 29CFR 1910.1200, and therefore is not covered by Title III of SARA. No SARA Hazards

SARA 302
No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302.

SARA 313
This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

Clean Air Act
This product neither contains, nor was manufactured with a Class I or Class II ODS as defined by the U.S. Clean Air Act Section 602 (40 CFR 82, Subpt. A, App.A + B).
This product does not contain any hazardous air pollutants (HAP), as defined by the U.S. Clean Air Act Section 12 (40 CFR 61).
This product does not contain any chemicals listed under the U.S. Clean Air Act Section 112(r) for Accidental Release Prevention (40 CFR 68.130, Subpart F).
This product does not contain any chemicals listed under the U.S. Clean Air Act Section 111 SOCMI Intermediate or Final VOC's (40 CFR 60.489).

Clean Water Act
This product does not contain any Hazardous Substances listed under the U.S. CleanWater Act, Section 311, Table 116.4A.
This product does not contain any Hazardous Chemicals listed under the U.S. CleanWater Act, Section 311, Table 117.3.
This product does not contain any toxic pollutants listed under the U.S. Clean Water Act Section 307

US State Regulations

Massachusetts Right To Know
No components are subject to the Massachusetts Right to Know Act.

Pennsylvania Right To Know
No components are subject to the Pennsylvania Right to Know Act

New Jersey Right To Know
No components are subject to the New Jersey Right to Know Act

California Prop. 65
This product does not contain any chemicals known to State of California to cause cancer, birth defects, or any other reproductive harm.

The components of this product are reported in the following inventories:
United States TSCA Inventory
This product contains chemical substance(s) not on the TSCA Inventory. It may be used for research and development purposes only, and only under the supervision of a technically qualified individual. All persons engaged in research and development with this product must be informed of the hazard information in this Material Safety Data Sheet (MSDS).
